Global construction leader leverages Box for billion-dollar construction projects

"We trust Box to provide information around key indicators, performance and security."

Justin Burleigh, Manager, Vendor Management Office

- 16,000+ employees and 16,000+ external contractors use Box for mobile access to CAD, BIM, Excel, PDF, PPT and video files in the office and on job sites
- Created workspaces in Box for group collaboration on large construction projects
- Use Box in conjunction with productivity apps like Zoho, Readdle and EditGrid; use Box OneCloud mobile apps like Genius Scan, Slideshark and CloudOn
- Leveraged Box API to build a custom integration with Splunk that increased visibility into all file-related events (e.g., location of collaborators, preview statistics, etc.)
